Brunch  
Babes

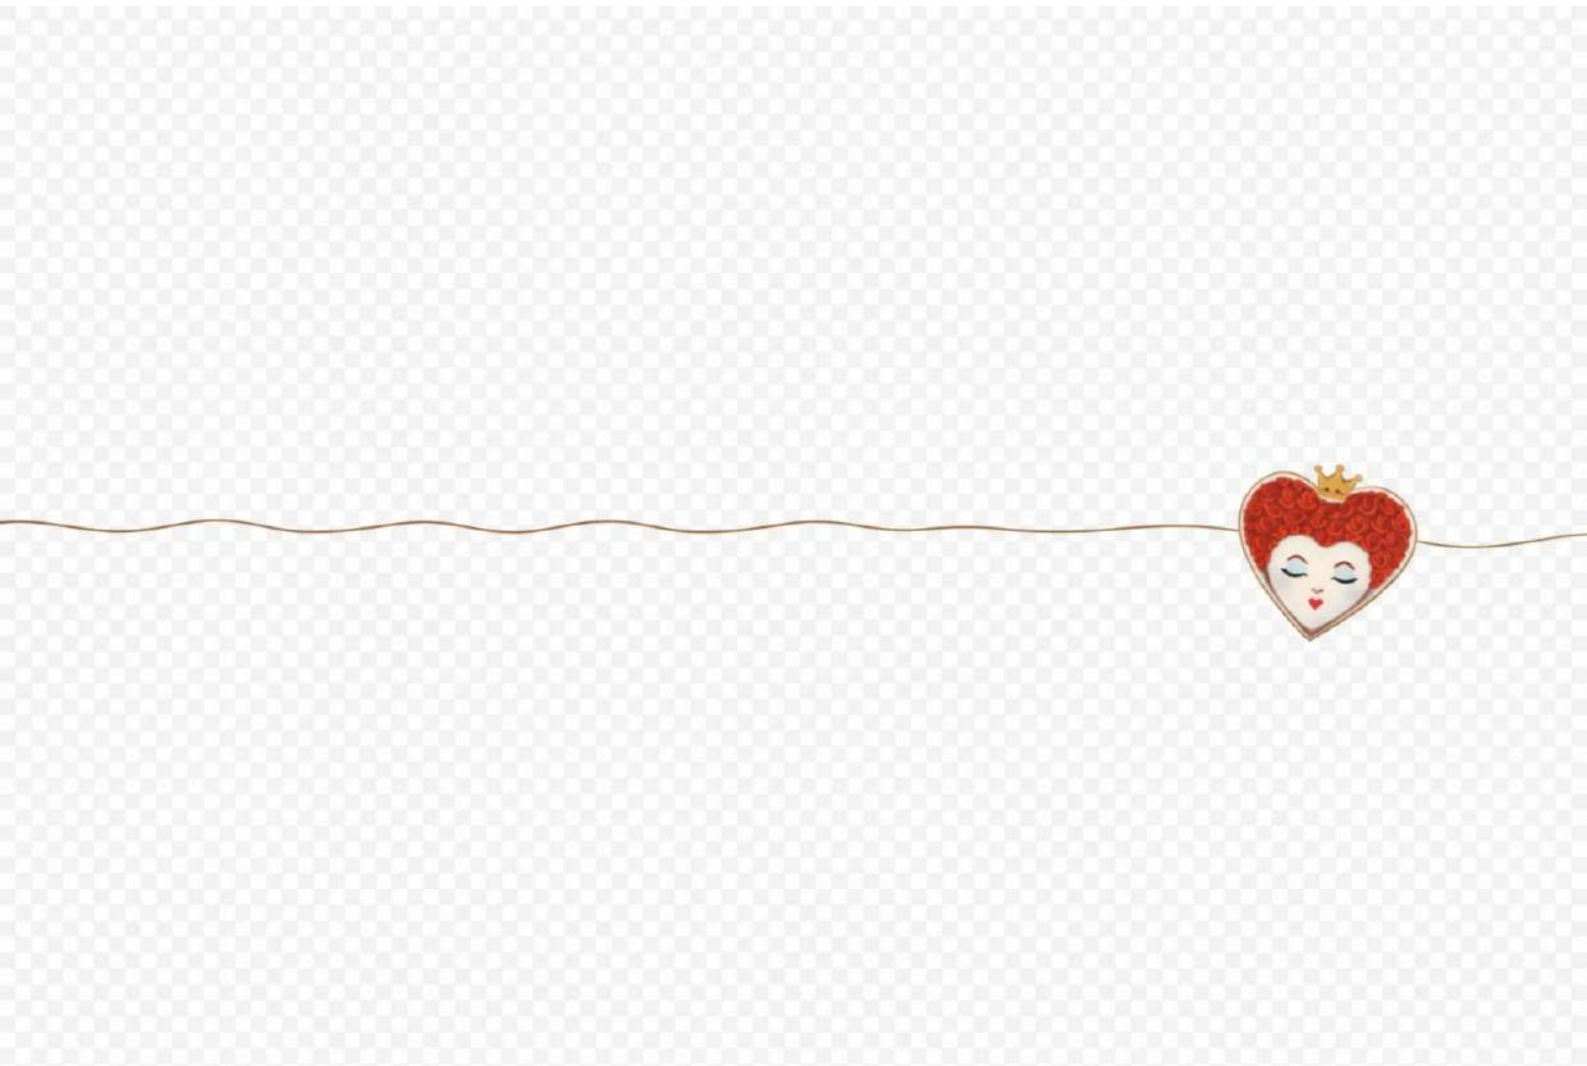

**Bolacha matchã e flor  
de sal**

A whimsical Alice in Wonderland themed brunch menu. The background is a lush garden with a large tree, a castle in the distance, and a checkered path. Various characters and objects from the story are scattered around: a Cheshire Cat in the top left, a teapot and pocket watch in the top right, a scroll with the first dish, a Queen of Hearts cake in the middle, a rabbit in a suit in the bottom left, a large teacup with the third dish, a top hat and a bottle of 'Drink Me' in the bottom right, and several playing cards floating around. The menu items are written on parchment scrolls.
